

VIEWPOINTS

Murals by young professional working artists

The Short North Alliance in partnership with 11 galleries and arts institutions, the City of Columbus' Create Columbus Commission, and Orange Barrel Media present the second installment of the Short North Temporary Mural Series.

All mural artists are either young professional artists under the age of 40 or are young-at-heart emerging artists who regularly support and mentor artists under 40. The series showcases works that reflect the individual perspectives, or viewpoints, of these artists.
